

MixFishSim: Supplementary Figures and Tables

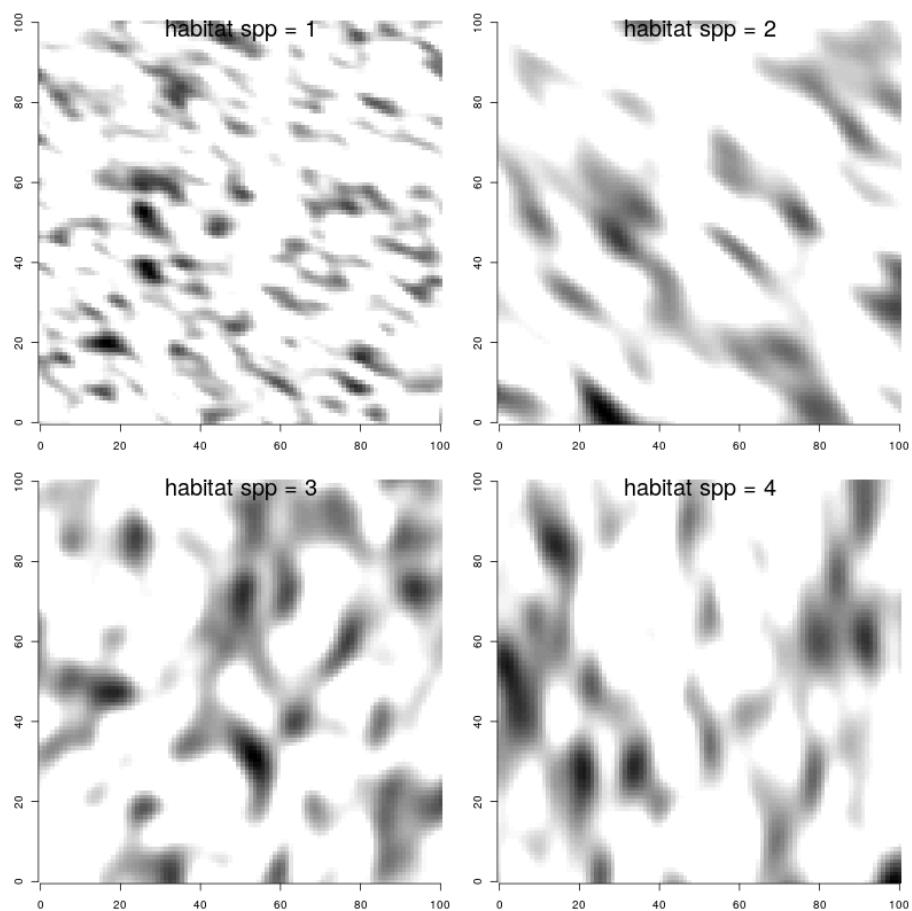

Figure S1: habitat preference

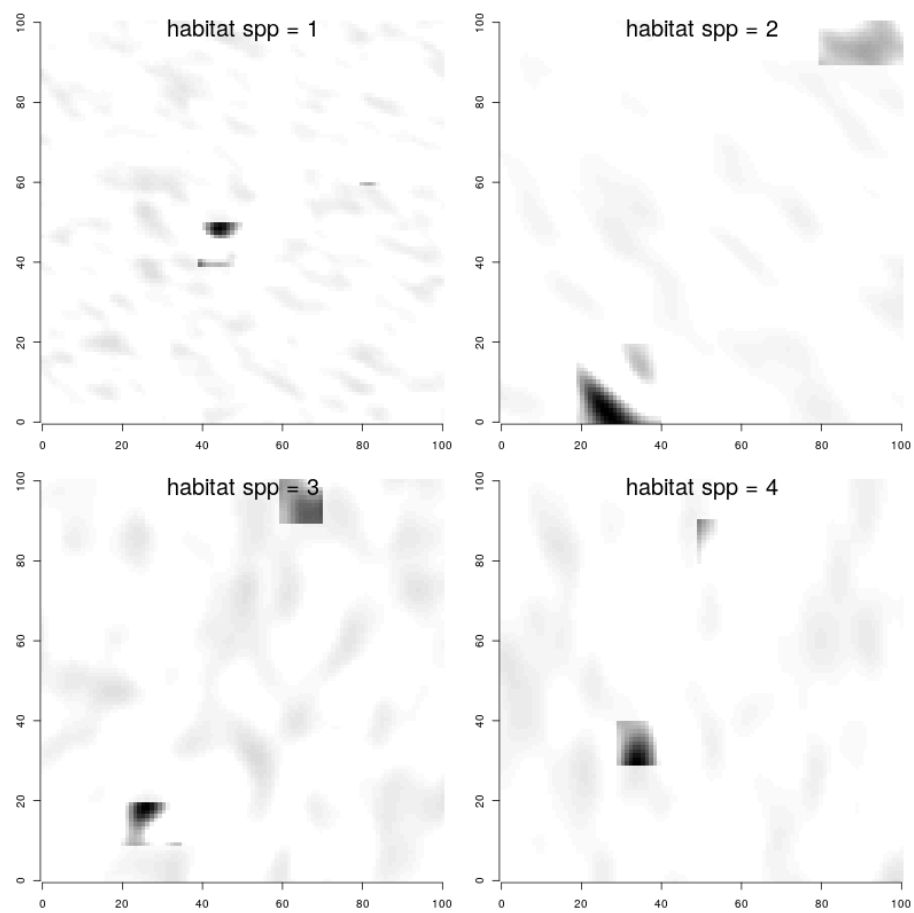

Figure S2: spawning habitat preference

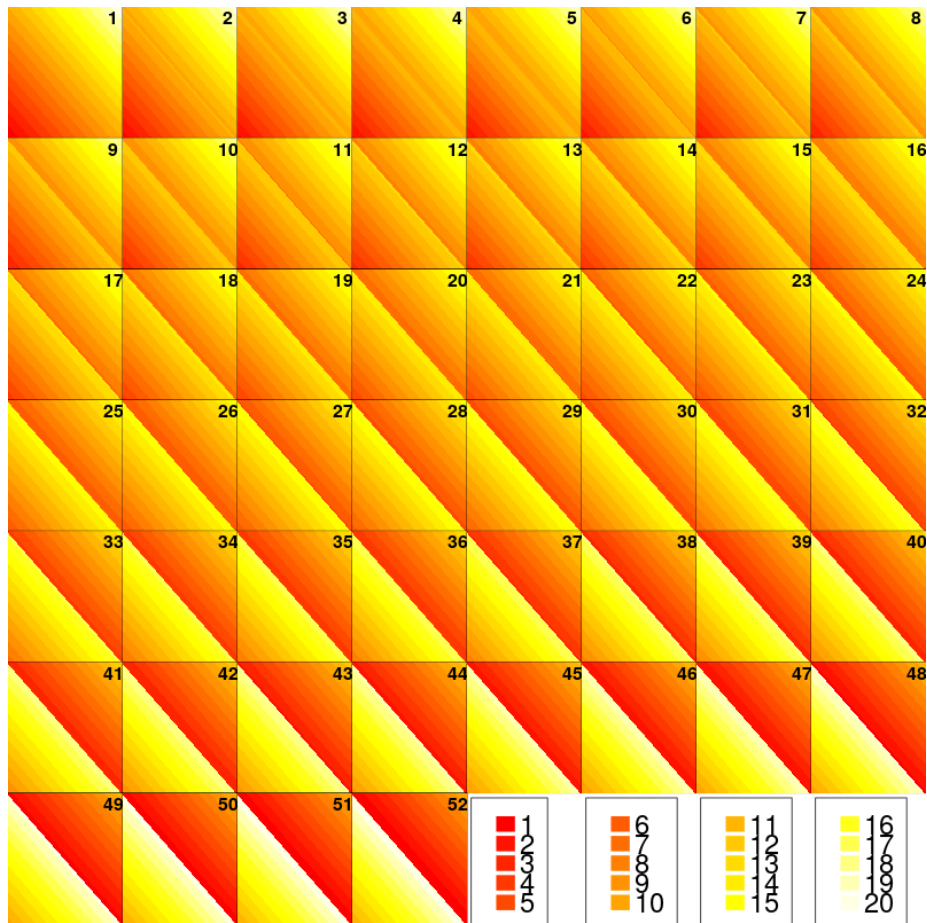

Figure S3: Spatiotemporal temperature gradient

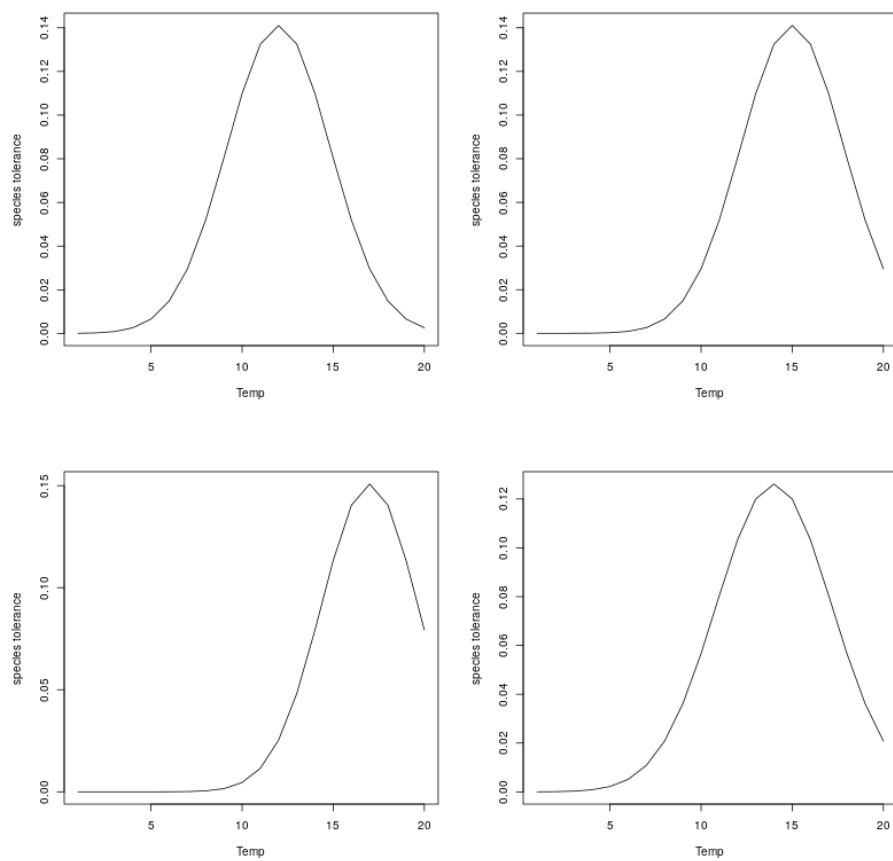

Figure S4: Species thermal tolerances

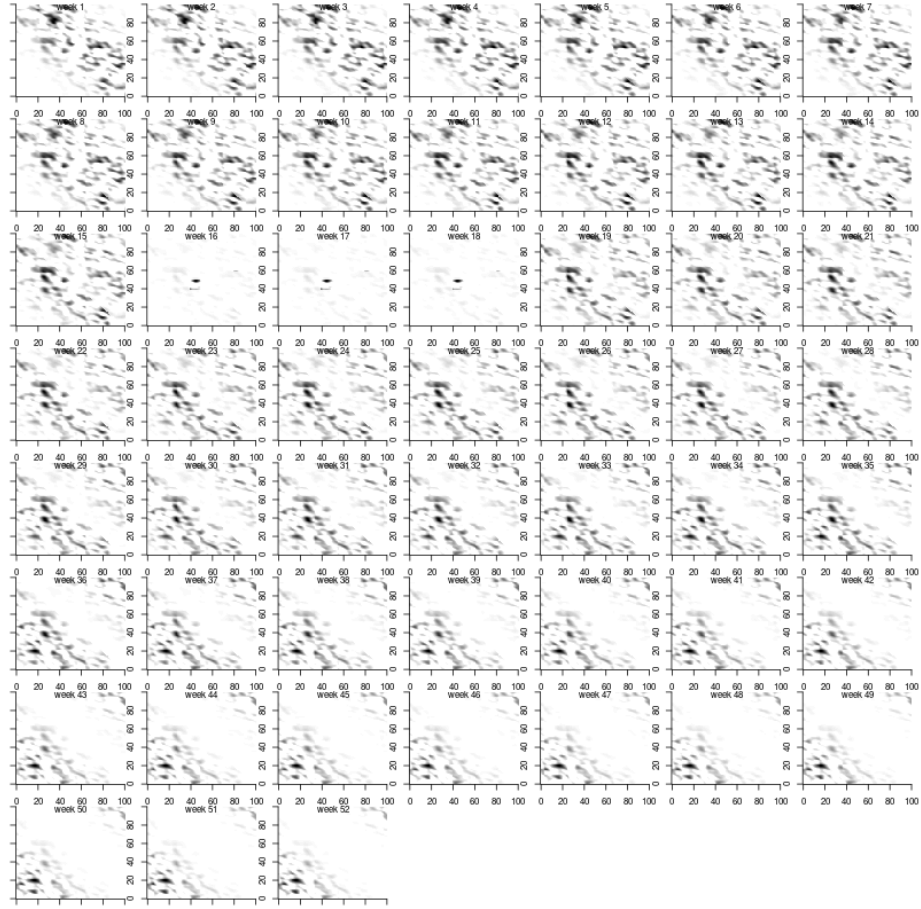

Figure S5: Spatiotemporal habitat suitability - population 1

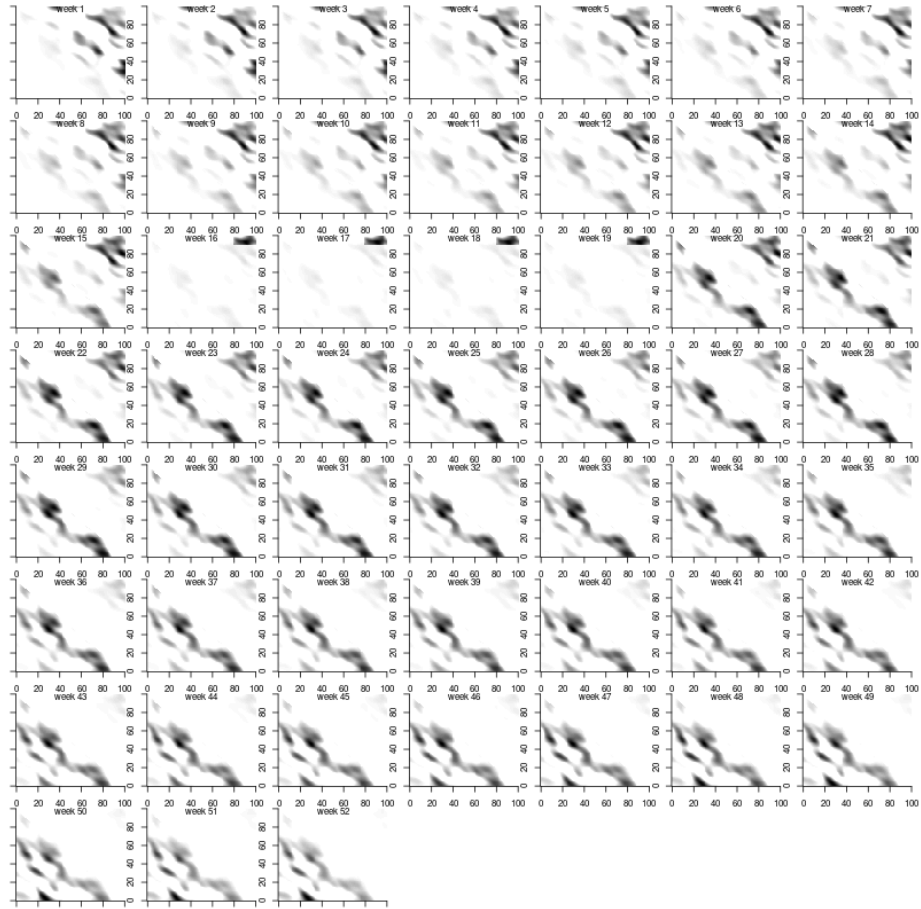

Figure S6: Spatiotemporal habitat suitability - population 2

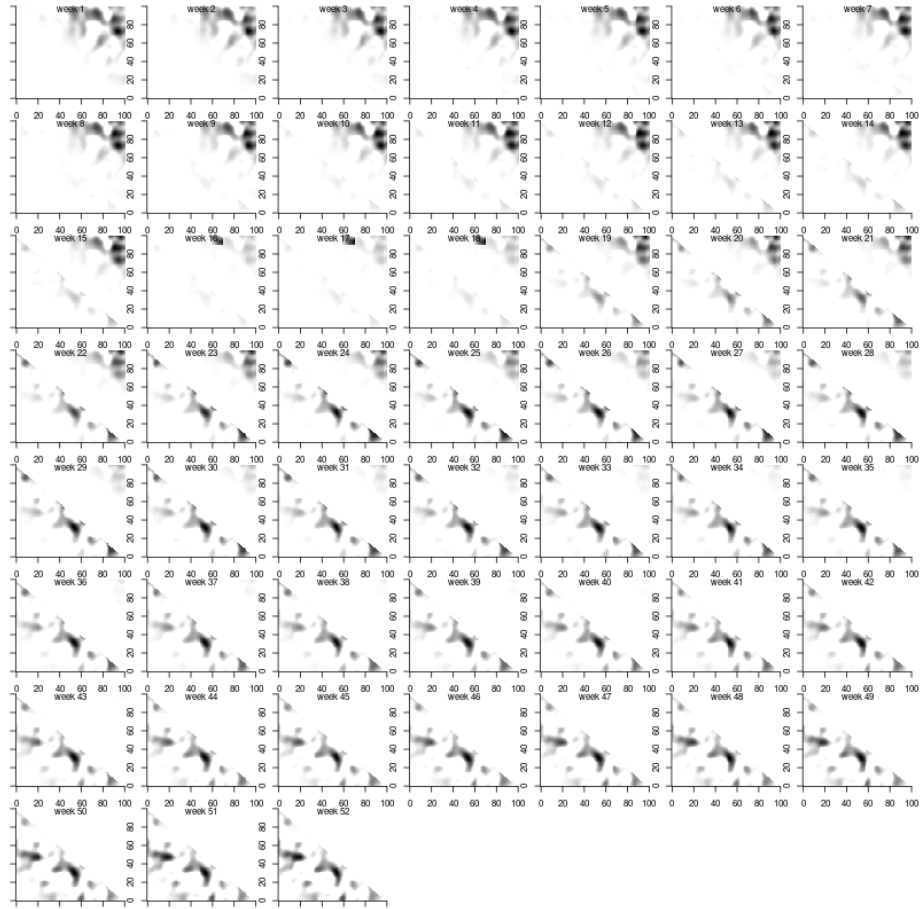

Figure S7: Spatiotemporal habitat suitability - population 3

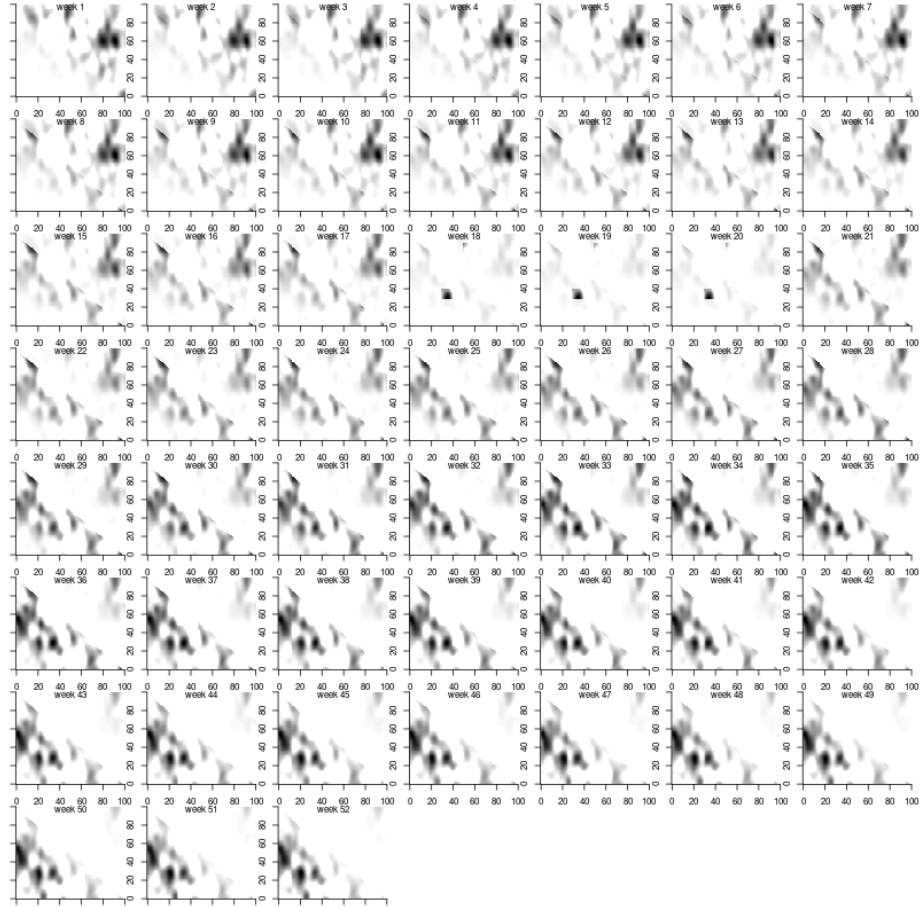

Figure S8: Spatiotemporal habitat suitability - population 4

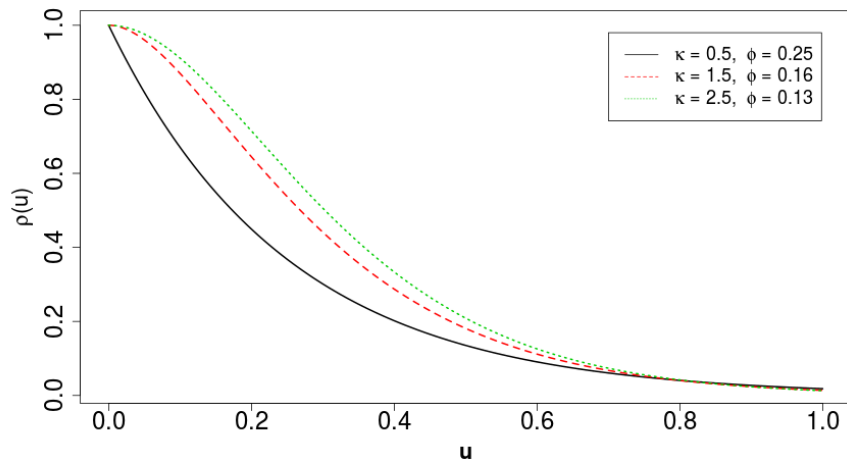

Figure S9: Example of different implementation of the Matern correlation function on auto-correlation distance
